Our many programs all follow ILSC's established and successful Study and Work model; however, opportunities and student needs vary depending on location. Please see our country-specific sections to learn more about our

full range of programs, and to see some of our unique, campus-specific options, including the Job Ready Program in Australia; Social and Business VIP in New Delhi; and Ranchstay, VIP Fast-track and WEP Fast-track, and the VIP and WEP Combo programs in Vancouver.

All of our excellent internship programs help students to add professional skills to their résumés; put their second language skills to the test; network with English or French-speaking employees and clients; acquire professional work experience and references; and gain a true understanding of international business culture. In addition, students prepare for their work experience with ILSC's quality courses and programs surrounded by a diverse student population! PUT YOUR LANGUAGE SKILLS TO WORK

“

My decision to attain the Work Experience Program in ILSC is a turning point in my life and I have no regret leaving my hometown to experience the greatest adventure of a life time in Canada. During the time in ILSC, I took the work place preparation courses which give me valuable knowledge about business practice in Canadian work place, job-hunting techniques, resume and interview preparation. These courses are not only useful in Canada but also for my career in the future. In addition, the teachers also took a great care of me and other students. They gave me support not only in, but also after class hours. After finishing the school, I got a job as a barista in a popular coffee shop from a help of WEP coordinator. I had an amazing experience working in a multicultural environment and dealt with customers from all over the world. Just after a month of working in Blenz, I can feel that my English skill has improved beyond my expectation as I communicate with native speaker a lot everyday. From the stories above, I will not hesitate to recommend my friends or anyone to join the WEP and study at ILSC.”

Ranchstay Canada

The **ILSC Ranchstay Program** offers you the unique opportunity to improve your English skills while working on a ranch and riding horses in the great Canadian outdoors. The first half of the program is 2 to 6 weeks of English classes of your choice. Then, take your English outside on a ranch located South of Kamloops in British Columbia for the second half of the program. The friendly ranch-owners have been hosting international students for years and provide truly unforgettable experiences.

Your work at the ranch will be primarily in hospitality and include other general duties. You will also get to spend many hours working with and riding the horses. In order to benefit fully from your Canadian experience, you will be expected to respect the English Only Policy, even at the ranch. This unique program is the perfect experience for anyone who wants to practice English through a love of animals and the environment.

“

This placement was perfect. All the people there help you very much to improve your English. It was awesome! The Ranch place was very supportive wherever they can. I was absolutely satisfied. “

When I first came to Vancouver, I didn't know anything about Canada but always wanted to know what it's like to work in the Canadian society. WEP was the best choice to make this experience happen because I didn't have to worry about finding a job. Students who come to Vancouver for the first time are not good in English and I think that with the help of the WEP coordinators in finding me a job, I was able to focus on my school work. If students want to find a job on their own they can but they might not be able to focus too much on studying English. Students who came here have to keep in mind that improving your English is our priority.”

JEONG HWAN JANG
WEP-VIP COMBO Student

WEP and VIP Combo Canada

The WEP and VIP Combo Program is the best of both worlds. Students first complete an unpaid internship with one of ILSC's host companies. Upon completion, students are equipped with a solid understanding of Canadian work culture and business English/French that will improve job-hunting skills and success in a paid Internship. The relationships that students build with their VIP host company also leave them with a valuable reference letter and potential job leads.

ILSC is responsible for placing students in an unpaid internship, while it is the student's responsibility to find a paid Internship (WEP Basic service). Students must also abide by Citizen and Immigration Canada's 50/50 rule, where the combined time of a student's Volunteer Internship and paid work experience are equal to or less than the student's academic studies.
