## **PREPARING FOR YOUR TRIP**

#### ILSC CUSTODIANSHIP SERVICES

Any child who is a minor (a child under the age of 18 in Ontario and Quebec and 19 in BC) who wants to study in Canada (without a parent or guardian) and is not a Canadian citizen or a permanent resident, may have **a custodian** an adult appointed to them who will provide the care and support they need while in Canada.

A custodian's responsibilities include:

- Assisting with the student's arrival and departure from Canada
- Providing consent (as required) for academic programs and activities (e.g., field trips)
- Responding 24/7 to emergency situations involving the student
- Assisting in accessing immediate and/or ongoing medical services
- Mediating disputes involving student and or UBC residence staff
- Advising the student's parents of any issues pertaining to the student's social, emotional, physical, or academic wellbeing

To appoint a Custodian, you must select an adult who meets the requirements and can fulfill the custodian responsibilities. This can be a relative or friend that lives near the school and residence or can be an ILSC team member. Once you have determined who you would like as your child's custodian, you must complete and submit a **Custodianship Declaration form.** 

The <u>Custodianship Declaration Forms (Custodian and Parents/Guardian)</u> form consists of two pages:

- The first page needs to be signed by the custodian and notarized in Canada.
- The second page needs to be signed by the parents or legal guardians of the minor child and notarized in their home country.

All minor students must provide a notarized declaration, one signed by their parent or legal guardians in the country of origin, as well as one signed by the custodian in Canada, stating that arrangements have been made for the custodian to act in place of parent. The <u>Custodianship Declaration Forms</u> must be signed and notarized by a lawyer or notary public. The fee for the ILSC custodianship services is \$150 and includes the notarization costs for the declaration form as well as the custodian's services.

#### **UNACCOMPANIED MINORS**

An **"Unaccompanied Minor"** is any child between the age of 8-17 years old traveling without a parent or legal guardian.

Most airlines provide an "**Unaccompanied Minor**" program to assist children who are travelling alone from their point of departure to their destination. The unaccompanied minors are escorted by airline personnel until they reach their destination and are released to an ILSC Juniors Program team member. This program is mandatory for children between 8-11 years old and optional for children aged 12-17 years old. The airline charges an additional fee for this program.

- 3 ----

Any student who is part of an **"Unaccompanied Minor"** airline program will be met by a designated ILSC Juniors Program team member in the arrivals area where they will present their government-issued identification to the airline personnel who will then release the child to their custody. The ILSC team member that will be picking up your child will be at the airport at least 30 minutes before the flight's scheduled time of arrival and will remain at airport until the student's flight departs. The fee for ILSC "Unaccompanied Minor" service is \$75 each way.

If you are coming from an international flight, you will be arriving at the international airport.

All of ILSC's locations are located in major cities, and the airport will be between 20-45 minutes away from the school depending on which city you will be studying in.

When you arrive, there will be an ILSC Juniors Program staff member waiting for you inside the terminal. The person will be waiting for you with a sign with the ILSC logo and your name. This Juniors Program staff will greet you and take you directly to the Totem Park residence at UBC. If you don't see them right away, don't worry; someone will be there waiting for you. If, after looking carefully, you can't find anyone with a sign with your name on it, go to the information booth and ask to make a phone call to the **Juniors Program at UBC emergency phone number 236-308-2345,** which is always available, 24 hours a day. # **IMPORTANT HEALTH AND SAFETY TIPS**

To ensure the safety and fun of everyone, it is essential that you understand and follow the following safety regulations. Please use your common sense and do not do what you don't do in your own country!

### IN CASE OF ILLNESS OR INJURY

- » Report any illness or injury to your teacher or another staff member.
- » Do not move a person who is injured.
- » Follow the instructions of your teacher/ILSC staff, or medical staff.
- » If there is no teacher or staff member available, call ILSC's emergency phone number or call 911.

### YOUR BELONGINGS

- » It is important to pay attention to your belongings in and out of school.
- » Do not carry around large amounts of cash, or your passport.
- » Remember to take your backpack off while you're on public transit. This is the polite thing to do for people standing behind you and it will also keep your belongings safe.
- » When you are walking around keep your phone and other belongings in your bag, don't carry them in your hand.

### TALKING TO STRANGERS

» In general, people are friendly, and it is safe to talk to strangers in public areas; however, if you are not feeling comfortable to talk with someone, you can always say "Excuse me, it is not a good time to talk," then move on.

### IF YOU GET LOST

- » Find a staff member at the place you are visiting and ask them to call the Juniors Program Centre Director at **236-308-2345.**
- » DO NOT attempt to make your way back to the UBC residence on your own.

## IF THERE IS A FIRE

- » If there is a fire, or you hear a fire alarm, calmly exit the building, and gather in a safe place outside with your classmates and your teacher or activity coordinator.
- » Follow all instructions from your teacher, activity coordinator and/or firefighting staff who can inform you when it is to return to the building, or to leave the area.

## IF THERE IS AN EARTHQUAKE

- » If there is an earthquake, hide underneath a desk or a table to protect yourself—DO NOT leave the school!
- » When the earthquake stops, your teacher or activity coordinator will take a head count and will give further instructions.

# FREQUENTLY ASKED QUESTIONS (FAQ)

#### WHO WILL I BE LIVING WITH AT THE RESIDENCE?

While each residence is different, most have double rooms, which means that students can enjoy the Juniors Program experience with a roommate! We typically pair students who are similar in age but from different countries so that they can not only make new friends but can practice speaking English with their roommate. We will try to honour any special rooming requests that were made at the time of registration i.e., students who are travelling with friends who requested to share a room or siblings who want to stay together, if we have the space and availability. Students are separated by gender and will either live on separate floors but, depending on the residence layout, or on the same floor but in different sections. Our Juniors Program staff are separated by gender as well and live on the student floors with the students in clearly marked rooms.

#### WHAT'S INCLUDED IN THE PROGRAM PACKAGE?

The package fee includes 15 hours of lessons per week, on-site afternoon and evening activities, 3 meals per day, airport transfer service, medical insurance and all entry fees and transportation fees for all scheduled trips.

#### **HOW MUCH MONEY SHOULD I BRING?**

Students must bring a \$100 cash deposit, which they will give to the Juniors Program team when they arrive at the residence. This deposit will be used to cover the replacement of lost keys or any possible damage to the residence and will be returned to the student at the end of the program, provided no property is lost or damaged. Students should also bring enough money to cover any personal needs, including shopping for personal items and/or souvenirs.

#### HOW WILL I KNOW WHERE TO GO AND WHAT TO DO?

At the residence, there is a central Juniors Program office where a member of the Juniors Program Management team can be found. This office is a central hub for the Juniors Program where students are welcome and encouraged to visit. Near the office, there will be a large notice board, where class lists, daily and weekly schedules, activity sign-up sheets and program rules are posted.

#### WHAT WILL IT BE LIKE, ADJUSTING TO A NEW COUNTRY?

The Juniors Program is a great opportunity to explore a new culture, improve your language skills, and meet other students from around the world. When you arrive, you may experience "jet-lag" as your body adjusts to the new time zone, so you may feel tired for the first few days.

Eating new and unfamiliar foods might initially upset your stomach until you adjust to the new food. Don't worry-your body will naturally adjust to these new experiences. It is also a good idea tell the Juniors Program staff how you are feeling so that they can support you.

#### WHAT SHOULD I DO IF I FEEL HOMESICK?

Feeling homesick is understandable, especially if it is your first time being on your own, away from your home, and/or family. Being in a new country, where everyone speaks a different language, can be a bit of a "culture shock," and disorienting. The best way to overcome homesickness is to talk about your life, experiences and share your feelings you're your friends and/or a Juniors Program team member. Expressing how you feel, and sharing what you love about your home will make you feel better. Writing in a journal about how you are feeling can also help.

#### WHY DO I HAVE TO SPEAK ENGLISH ALL THE TIME?

Our English Only policy is in place to help you learn the language faster! Although it might be challenging at first, our Juniors Program team and teachers understand your efforts and frustrations and are there to help you as much as possible. Just keep trying and you will soon see your English will be better than ever!

### **TIPS FOR LEARNING ENGLISH**

- » Always speak in English! The more you practice, the quicker you will learn to speak in English.
- » Spend time talking with other students, your Juniors Program staff, and your teachers. Listening to and speaking with English speakers is the best way to learn.
- » Always carry a dictionary and use it!
- » Make a list of new words and expressions you learn outside of class. Writing things down is a great way to remember them.
- » If you have time, read over your class notes or your list of new vocabulary at the end of each day. Even a quick review on the same day you learn something will triple your retention!
