Entry Requirement

- Students who are interested in attending Greystone College must have completed (graduated from) their final year of general schooling or GED, or have mature student status.
- In Toronto only, be at least 18 years of age, and pass a superintendent approved qualifying test.
- All applicants whose first language is not English must demonstrate an Intermediate 3 level of English with Greystone's online written test and speaking interview.

The online written and speaking test is exempt if iBT 46, IELTS 5.5 or ILSC Intermediate 3 is presented.

If an applicant fails to meet the minimum requirements, they cannot be waived by either the institution or the student.

**PTIB approval pending for the Vancouver program*

Program Description

This program provides students with a solid foundation in web management. Website design is undergoing a radical change in how sites are built and how they're viewed. People now interact with the web on everything from large screens to the smallest phones; sparking the creation of new methods to deliver and display increasingly complex sites, using website templates and HTML5 programming. Students will gain an understanding of these changes and how digital marketing professionals are adapting. They also will be able to use templates and WordPress to build a fully functional website that showcases their talent. They will examine aspects of website security, asset security, and cloud and data security. Students will incorporate SEO strategies across multiple platforms and geographic regions. Students cover how Google and other search engines deal with various platforms and social media. They also cover the audience and a needs assessment to identify the correct SEO strategy.

Co-op Work Experience

This Work Experience is an integral part of the Co-op program. Students will apply the theories learned in class in real world work settings that are relevant to their field of study and align with the learning objectives of the program. Program Orientation and Pre-Placement prepares students' for finding a suitable placement. Throughout the work experience term, you will receive the support and guidance of a dedicated Co-op Program Advisor who will work with you and ensure that you receive all the support that is needed to successfully complete the program.

Program Schedule

Evening Program Schedule

Students taking the evening program will begin their program with 2 weeks of Work Placement Skills: Part 1 before taking their first 6-week program course. In between each 6-week course, students will take a 2-week break before starting their next course. At the end of the fourth course, students will complete 2 weeks of Work Placement Skills: Part 2 before commencing the co-op work placement.

Diploma In Digital Marketing: Website Management and Design Co-op Courses

ACADEMIC STUDY

CUSTOMER RELATIONSHIP MANAGEMENT

This course deals with the importance of customer expectations and how CRM influences customer experiences. It identifies how customers' experience and perception of an organization can be beneficial or detrimental to its success. In this course of study students will gain objective knowledge about what positively and negatively affects customers' experience.

DIGITAL MARKETING FUNDAMENTALS – BRANDING

Digital Marketing Fundamentals- Branding lays the groundwork for students to understand the key components of brand identity, how to create Unique Selling Proposition (USP) and why it is important.

DIGITAL MARKETING FUNDAMENTALS—DOMAIN, ONLINE, EMAIL MARKETING

Digital Marketing Fundamentals lays the groundwork for students to understand how online and offline marketing methods work together to deliver results. Students will learn the terms and concepts used in the industry and how they are applied in practical situations.

STRATEGIC WEB DESIGN—THE CREATIVE EFFORT

Website design is undergoing a radical change in how sites are built and how they're viewed. With a need to be viewable on everything from large screens to the smallest phones, newer methods to deliver and display increasingly complex sites have been created. The increased complexity is being handled with website templates and HTML5 programming. Students will gain an understanding of these changes and how digital marketing professionals are adapting. They also will be able to use templates and WordPress to build a fully functional website that showcases their talent.

STRATEGIC WEB DESIGN—ANALYTICS AND BEYOND

Students will examine aspects of website security, asset security, and cloud and data security. Students will become familiar with various business and geographic listings options available and how they can be utilized as online marketing tools. Students will become familiar with CRM and loyalty cards and apps. Students will become familiar with eCommerce. Students will be able to identify why content marketing is important. Students will be able to transmit content marketing messages through various channels.

SEARCH ENGINE OPTIMIZATION

Moving beyond basic keywords and PPC marketing, SEO takes a deeper look into what businesses need to do to get their content in front of their target audience. This course an international view on the subject covering much more than Google, incorporating SEO strategies across multiple platforms and geographic regions. It includes keywords, linking, backlinking and strategies to get onsite and offsite SEO working.

WORK PLACEMENT SKILLS

This course is delivered in two parts. It prepares students for the Canadian workplace. This is a requirement for all students registered in a Co-op program. It prepares students for coop work placement as well as the job search and application processes.

CO-OP WORK EXPERIENCE

CO-OP WORK EXPERIENCE

During the co-op work placement, students will put their skills into practice in a local workplace in a position related to their specific program objectives. Students will be required to complete job tasks as assigned to them by the employer. In addition, students are required to provide regular feedback (monthly and final) on their work experience to Greystone College using prescribed reporting forms.

** The curriculum is subject to change.*

THE CO-OP WORK EXPERIENCE COULD INCLUDE ENTRY-LEVEL POSITIONS IN THE FOLLOWING AREAS

- Advertising
- Media
- Marketing
- Communications
- Sales

Bring your own device

To ensure our students have the most transformative learning experience we recommend the following minimum device requirements:

- Windows 7 or Mac OS v.10.7 or higher
- Processor: Intel I5-6400 or Ryzen 5 1400 minimum
- Memory: 4 GB recommended
- Screen: 14 inches recommended
- Connectivity: WI-FI and LAN
- Ports: minimum 1 USB 3.0 port
- Mouse and video camera

We recommend purchasing an external numeric keyboard if your device does not already have one. Students are provided with a free Microsoft Office 365 account during their studies.

THE ONTARIO MINISTRY OF ADVANCED EDUCATION AND SKILLS DEVELOPMENT

The Ontario Ministry of Advanced Education and Skills Development is responsible for the administration of laws relating to education and skills training in the province of Ontario.
