Session start dates

*Availability of courses is subject to student enrollment.
Length may vary depending on your progress.*

DESCRIPTION

The English for Creative Arts Mastery provides a suggested combination of classes to guide you from working with the written word to the spoken word with increased confidence and fluency. Adopt English speaking culture by embracing the tones, the colours, and the passion of the language! Find your English voice by progressing from shorter to longer written pieces, from dialogues to storytelling, radio, theatre and onward to theatrical or filmmaking productions.

CORE CLASSES

CHOOSE TWO OF THE FOLLOWING CORE CLASSES

CREATIVE ENGLISH THROUGH ACTING

Develop your English through the task of creating and producing a 10-minute play in a four-week session using a multi-skills approach. 10-minute plays are a new phenomenon in theatre, giving audiences a short bite-sized piece of theatre. The internet has numerous scripts available for download.

CREATIVE ENGLISH THROUGH FILM

Develop your English through the task of creating a movie trailer using a multi-skills approach. You will learn to write, direct, shoot and edit a short film trailer in English. You'll also learn the basics of digital video while applying your English skills to all production roles. No previous filmmaking experience is necessary.

CREATIVE ENGLISH— STORYTELLING

Explore the creative side of English through dramatic role-play, storytelling, music, poetry and drawing. Study all the skills and then apply them to a creative end, from grammar to writing, pronunciation to public speaking and beyond.

SKILLS CLASSES

CHOOSE TWO OF THE FOLLOWING SKILLS CLASSES

ENGLISH FOR ADVERTISING MEDIA

Develop your language skills by reviewing, discussing and analyzing global commercials and advertising trends. The primary focus of the class is commercial advertising production through writing, directing and filming a short TV commercial.

ENGLISH THROUGH YOGA

Develop English listening skills as you learn to follow physical instructions accurately while mastering the vocabulary of anatomy and movement. Gain physical strength, flexibility and stress management skills.

ENGLISH THROUGH ART

Explore the language of art, art criticism and art production. Practise English through drawing, painting, sculpting, writing in a creative journal and visiting art exhibits around the city. No previous art experience necessary.
